***Subject**

The appointment of Mr. D.M.Gnanapriam Pillay as Circle Medical Officer, Bangalore City.

Letter No 178 P & 20th Nov 1902 from the Senior Surgeon & Sanitary Commissioner.

One form may be used for more than one letter of the same file as long as there is space. The Office Note should be in black ink. Write only on side of this form.

Note

(A) In letter No178P. dated 20th November 1902 the Senior Surgeon reports that in anticipation of Govt. sanction Mr. Gnanapriam Pillay has been directed to report himself to the Health Officer, Bangalore City, for plague duty as Circle Medical Officer. The appointment of Circle Medical Officers was sanctioned in G.P. No.7905-7-L.B.P.1081 dated 22nd Novr. 1901, on the understanding that previous sanction of Govt. [illegible] their entertainment is obtained on the diaries of the Health Officer; but no effect was given to this order. So long as there are Registrars (Hospital Assistants) to attend to this work, with a number of Sub-Registrars under them and the Health Officer at the head, the necessity for a separate Circle Medical Officer is not apparent, especially as there is now no trouble of diagnosing plague with other fevers and no compulsory segregation is insisted upon and the work proposed to be done

done by the Circle Medical Officer could easily be done by the Registrars and the Health Officer.

2. If however, the appointment of a Circle Medical Officer is considered necessary, it may be pointed out that under Govt. Pro. No.12763-76-L.B.P.1421 dated the 3rd February 1902, he will not be entitled to any allowance. (B)

3. The Order No7905-7-L.B.P.1081 dated 22nd November 1901, sanctioning a temporary establishment for the time being cannot be taken to be always in force. It may therefore be cancelled at once, as otherwise, there seems to prevail an impression that an establishment up to the limit therein laid down might be entertained at any time.

Submitted for orders.

P.T.O.

3/4

10 Under directions of the Dewan, the Senior Surgeon was asked in D.O. 8/11th April 03 to state the duties delegated to Circle Medical Officers when there already existed a Health officer and Hospital Assistants who did the duties of Registrars; in reply, he states that the duties of a circle Medical Officer are to supervise the work done by the Registrars of births & deaths & that done by the disinfection establishment - As for the duties of the Health Officer, he says, they are the same as those performed by the Chief Plague Officer in previous years; while the Hospital Assistants remain in charge of dispensaries & do the registration work of births & deaths & declare plague cases. The Senior Surgeon further reports that with the decline of plague in the city the services of one of the two ~~no~~ Circle Medical Officers were dispensed with, ~~& those of the other retained~~ which has not been reported to Govt. May the draft recording the Senr Surgeon's letter under reference be approved by the 2nd Councillor issue?

~~D~~

~~7/4/03~~ 11 The disinfection establishment as at present employed in the Bangalore city is as follows: -

1	Inspector - - - - - - -	Rs 45/-
1	Sub Inspector - - - - -	Rs 25/-
1	Store Keeper - - - - -	Rs 25/-
8	Headsangmen @ Rs 10/- each - - -	Rs 80/-
32	Coolies @ Rs 8/- each	Rs 256/-
		Total Rs 431/-

Vms.
21/4/03. With 7 Registrars & a Health Officer and better a large Disinfection Est there seems to be no necessity for the appointment of a Circle Medical Officer.

Subd. [signature]
25/4/03

I presume the Officer

dispensed with is Mr Gnanaprakasam who has gone to Srivasamudram. If so, is not some order necessary to recognise the appt of Rajagopal? If it is, draft one conveying approval & saying that the appt may be discontd on grounds stated in your note.

S. Asst.

---

13 Attention is invited to paras 9 and 10 of the office note above, from which it will be seen that the Senior Surgeon's recommendation to grant each of the two Circle Medical Officers an allowance of Rs50 per mensem was vetoed.

(14) The Senior Surgeon in his letter No1261 dated the 7th May 1903renews his recommendation,,and prays that the Circle Medical Officers may be granted each Rs50 per pensem as allowance, on the ground that they have lost their allowances of Rs20 and 10 (Registration + dispensary) by their being appointed as Circle Medical officers ; which would not have been the case if they had remained as Registrars and that as Circle Medical Officers they have much travelling to do in connection with the ~~proposed~~ proposed disinfection of the city by desiccation.

(15) Regarding the allowance of Rs20 which the Registrars are alleged to have lost in consequence of Circle Medical Officers being selected from among the ranks of Registrars, it is to be observed that this statement is erroneous and ~~misleading~~ misleading. The allowance in question was granted to them in accordance with Govt. Pro No.1291-3 dated the 19th April 1900, which became (B) inoperative with effect from 1st February1902(vide Order No 12763-76-L.B.P.1421 dated the 3rd February 1902.) It was a S.W.2 general order which affected not only the Registrars alone but the whole body of medical officers-the medical officers and subordinates attached to the Plague Hospitals at Banga- and Mysore excepted- who were till then drawing plague allowance. To say therefore, that the Registrars in question have lost the allowance of Rs20 in virtue of their being appointed as Circle Medical Officers, which even as Registrars they would not be entitled to draw is erroneous and misleading.

(16) The other reason given by the Senior Surgeon for ~~the~~ the grant of the allowance now recommended is, that these Circle Medical Officers have much travelling to do. Granting that wholesale compulsory disinfection by heat is sanctioned; as the houses in the city lie one close to the other and as it is proposed that they are to be disinfected street by street , it is doubtful whether under these circumstances they have, as alleged, much travelling to do.to entitle them ~~for~~ the grant of a travelling allowance hereafter.

17 Submitted for orders.

As honorary 1st Class

Hospital Assistant Rajagopal lost the allowance of Rs 10/- which he was getting for the charge of the Dispensary & has more travelling work than before, his case seems to deserve some consideration.

JB
27/5/03.

Perhaps a Carriage allowance to Compensate for what they have lost may be given — say 25 Rs a month: Submitted Rs orders

27/5/03

The Dewan through the 2nd Councillor

F.B.812
27-5-03

Yes. an allowance of Rs 25- may be sanctioned to Hospital Assistant Rajagopal during his employment as Civil Medical Officer. We may add that Govt are not prepared to sanction a larger allowance than Rs. that under present orders (Quote) Registrars are not entitled to any allowance — 4

18. The recommendation of the Senior Surgeon to allow Mr.Gnanapriam Pillay to draw an allowance of Rs 50/- per mensem as Circle Medical Officer, Bangalore City, was disallowed in this office docket No13168-L.B P.612 dated the 28th February 1903.

S.No.6

19. With his letter No918P. dated 14th October 1903, the Senior Surgeon forwards for such orders as the Govt. may deem fit to pass on it, an application from Mr.Gnanapriam Pillay for the grant of an allowance for the period he was in charge of the duties of Circle Medical Officer. The applicant states that as Circle Medical Officer he had to maintain a carriage and horse and a bicycle to keep himself ready for any emergency and that towards these extra expenditure which but for his appointment as Circle Medical officer he would not have had occasion to incur, he may be granted an allowance of Rs25/- per mensem as in the case of Circle Medical Officer, V.S.Rajagopal Mudr.

Q.P.No. 18213-4 dated 27th June 1903 S.No.13 / L.R.P.861

Submitted for orders. This may, if approved, be sanctioned only as a Special case with the observation that future applications of the kind will not be entertained by Govt. Draft submitted

SER

Senior Surgeon's Office,
Plague Department
15th April 1903

Dear Nanjundayya,

Your D.O. of the 13th Instant to hand yesterday.

The Circle Medical Officers were appointed when Plague increased in the City — as the Health Officer found it physically impossible to go and see all the cases and to do the needful and they were employed solely on Plague duty. Their duties were the same as those done by the Ward Officers, i.e. the supervision of work done by Registrars in their respective circles and superintending the work of Disinfection.

The Health Officer's duties are those that pertained to the Chief Plague Officer in previous years. The Hospital Assistants in charge of Dispensaries do the Registration work of Births and Deaths and declaring Plague cases &c, and reporting the same to the Circle Medical Officer.

As Plague showed signs of abatement, the services of one of the Circle Medical Officers were entirely dispensed with and the other who is retained, is supervising the work of Disinfection of houses in the City.

Yours sincerely,

J. B. Benson

No. 1261/P

Dated 7th May 1903.

SIR,

With reference to your docket No.13158/L.B.(P). 612 dated 28th February 1903, declining to sanction the grant of an allowance of Rs.50/- per mensem to the Circle Medical Officer, Bangalore City, I have the honor to bring to the notice of Government that although the appointment of Circle Medical Officers was sanctioned in the year 1901, they were only selected this year among the Registrars of births and deaths as their employment was found quite necessary for the reasons explained in my D.O. dated the 15th April 1903, and that ~~they~~ being so selected they have not only lost the allowances they were till then getting as Registrars, viz; the dispensary and Registration allowances of Rs.10/- and 20/- respectively per mensem but are put to ~~such hard~~ Extra work. Now that Plague has subsided and the wholesale disinfection of all the houses in the Bangalore City is to be taken on hand, the services of two Circle Medical Officers, are absolutely necessary to supervise the disinfection work and their services will be accordingly utilised till Plague breaks out in the City, when, they will be asked to do their legitimate duty if necessary; otherwise their services will be dispensed with as soon as the disinfection work is completed.

As the duties of Circle Medicle Officers necessitate much

much travelling about, which means additional expense towards the cost of conveyance which as Registrars they could conveniently avoid, ——————— I consider it necessary that these officers should be given some allowance to cover the loss and meet additional expenses they are put to, by being raised to higher and more responsible appointments in the interest of service and accordingly recommend that sanction of Government may be accorded to the grant of an allowance of Rs.50/- per mensem to each of the Circle Medical Officers with effect from the date of their appointment.

I have the honor to be

Sir

Your most obedient servant

Bangalore.

No. 918 P.
Dated 14th October 03

SIR,

I have the honor to forward herewith for such orders as the Government may deem fit to pass on it, an application of Mr. D. M. Gnanapriyam Pillay, Sub. Assistant Surgeon, praying for the grant of an allowance for the period he was in charge of the duties of the Circle Medical officer, Bangalore City, and to state that on a recommendation made by me on a previous occasion to grant his request, Government were not pleased to sanction any allowance to this officer, vide Secretary's docket No. 13168 / LB. P. 612 dated the 28th February 1902.

I have the honor to be,

Sir,

Your most obedient Servant.

[illegible]

Personal Assistant

To .

Col. J. Smythe,
Senior Surgeon & Sanitary Commissioner of
Mysore Government, B A N G A L O R E.

No 238,
Dated 23/9/03,
Enclosures 5.

Sir.

In submitting the enclosed copies of correspondance for kind perusal and disposal.

I have the honor to represent----------

(1) that as per orders of the senior surgeon and Sanitary Commissioner No 1273 dated 4th November 1902, (copy enclosed no 1) I joined the Health Department on the 6th November 1902, and conducted the duties of Circle Medical Officer, up to 18th March 1903 as follows.

(a) C.M.Officer of half of the City, called Northern or Western Circle from 6/11/02, to 4/12/02.

(b) Owing to difficulty experienced in securing the service of another officer, the duties of that officer for the other half, called the Southern or Eastern circle, were added to mine, on the 5th December 1902, (copy of order enclosed No 2) and this I conducted the duties of two officers till the 31st January ~~1p2~~ 1903. (copy of order enclosed No 3)

(2) To carry out the inspection work, by travelling daily through half of the city, to visit houses where PLAGUE cases had occured, was in itself a hard and difficult task, the addition of the other

22

other half was still harder and more difficult (vide memo copy No 4).

(3) Often urgent prders were given at any hour of the ~~dy~~ day, to proceed atonce, to visit some case or cases in or near Bangalows of officers, all these had to be carried out with promptitude, and that the difficulty hardship etc, experienced while carrying out the above orders~~i~~ immediately and satisfactorily, may be better ~~imagined~~ *inferred* than described.

(4) Under the above circumstances, namely to be ready at all hours to proceed any where and atonce for work. I had to maintain a carriage and horse besides a ~~cie~~ Bicycle, and on these accounts I incurred extra expenses.

(5) With a view to more Government to kindly take my case into their favourable consideration and grant me an allowance, I had on 24th January 1903, submitted through the Health Officer my representations. (Copy enclosed No 5,) and that upto date have not been favored with any reply E

Consequently solicit that you will be pleased to take all the above circumstances, into your favourable consideration, and kindly recomend me also for the allowance which has been kindly sanctioned by the Government, to C.M.Officers, in their Pro: no18213 4 L.P.B. 861 dated Bangalore 29th June 1903, which will meet a portion of the extra expenses I then incurred.

I have the honor to be,

Sir,

Your most obedient servant.

The Senior Surgeon and Sanitary Commissioner with the Govt of Mysore.

Plague dept

Q 27th October 1902.

Sir.

I have the honor to state that as plague cases are now increasing steadily and cases are occcuring in all parts of the city, the necessity for employment of circle medical officers is very much felt. The present System of work by advice and persuasion takes a lot of time. In many cases about half an hour or more is required to explain and make the people, in an infected house, understand the danger they are exposing themselves to, by remaining in the house and the less chance of recovery to the patient if left to their care. Frequently this sort of persuasion has to be repeated 2 or 3 days and even then sometimes it is only after a death or two that the families yield. In one instance a Muhomedan refused to leave the house with his people even after 18 deaths in the house from plague in Spite of repeated preaching and persuasion. But such instances are rare. With sympathetic and persistent advice many families could be removed to camps or other suitable locality. This cannot be done in more than a certain percentage of the cases without help. Last year when plague was on the increase the appointment

Of

of two circle medical officers was sanctioned by Govt in Pros. No 2705 dt 22/11/01 but as the figures went down they were not posted. This year the attacks are a great deal more than in 01-02 as will be seen from the figures quoted in the margin. It is therefore requested that the Senior Surgeon will be good enough to post 2 men, of not lower than Sub Asst Surgeon's grade, to work as circle Medical officers temporarily till the figures go down. Sub Asst Surgeon, N. Rangachar, has sufficient experience of the work as he has once been a circle medical officer in 1900-01. For the other place Hon. Sub Asst Surgeon, Shanmugam pillay, may be posted and 1st class Hospital Asst Ramaswami or III class Hospital Asst Rathnaswami Pillai who are working as Registrars of No I Dn. Posted to the Malleswaram Dispensary and Registrars office of No I Division in place of Shanmugam pillai. At present there are 3 officers that inoculate people against plague. But the work done is not satisfactory as all the officers have other heavy duties to attend to. When these circle medical officers are appointed it is hoped that this work could be pushed on much faster as these officers can devote much attention to the work and with greater convenience.

I have the

honour to be

Sir

Your obedt servt

To

The Health Officer, City Bangalore

Dy. 23rd January 03 — despatched 24th Jan 03

No 1 Enc No 2.

Sir, With reference to your memo No 808 dy 5th Nov 1902 intimating order No 1273 dy 4th Nov 1902 from the Senior Surgeon and Sanitary Commissioner imposing duties of my appointment as Circle Medical Officer Northern Circle Bangalore City I have the honor to state that in obedience to the above order I have been doing this duty since 6th Nov 1902.

The work of inspecting daily all plague as well as suspicious cases as also looking into the sanitary defects ~~the~~ in such infected houses in half of the city and often at distant places as Nunnia Dipalyam and so forth is not only laborious, hard and difficult but expensive and that for this purpose I have had to maintain a Carriage and a horse and a bicycle to go through my work.

That owing to the difficulty and almost impossibility experienced in securing the services of another officer the work of the Southern Circle also has devolved on me (vide copy of order enclosed) and that I have been doing the duty of two Circle Medical Officers, I believe, to your entire satisfaction and to submit that

it

it would be easier to judge than I could explain or represent the difficulty, hardship and extra expence the above work entails and to request that you will kindly recommend my case for favourable Consideration of the Senior Surgeon and Sanitary Commissioner, Mysore Sout and obtain for me the allowance of Rs 50/- per mensem as was allowed to each of the circle medical officers in no 2905-7 / L B (P) 1081 dated 22-11-1901 when they were doing that duty.

Thanking You, in advance, for the kindness,

I have the honor to remain, Sir,

Your most obedient servant
